INVITATION FOR BIDS

The Federal Government of Nigeria has received financing from the World Bank toward the cost the Multi-Sectorial Crisis Recovery Project (MCRP). The project is implemented in the state by the State Project Coordination Units (SPCU). It is intended that part of the proceeds of this loan will be applied to eligible payments for health sector; rehabilitation and improvement of critical health sector infrastructure and other associated service delivery interventions in Adamawa State. The project is specifically designed to recover critical infrastructure damage by the activities of insurgents in the insurgency affected LGAs of Adamawa State.
