

FEASIBILITY STUDY: INCLUSIVE EDUCATION IN BORDER REGION OF NIGER (DIFFA) AND NIGERIA (YOBE, BORNO).

CBM expects a continuation of *non-governmental* development cooperation in Niger in 2024 and therefore continues the planning of a new cross-border inclusive education project in Niger (Diffa) and Nigeria (Yobe, Borno) funded by BMZ Private Executing Agencies (Private Träger, PT). **For this purpose, we are looking for an (international) consultancy working in *both* countries and preparing a *joint* feasibility study.**
