AT ALL LEVELS IN DELTA AND BENUE STATE.

CBM is an international development organisation, committed to improving the quality of life of persons with disabilities in the poorest countries of the world. Based on its Christian values and over 100 years of professional expertise, CBM addresses poverty as a cause, and a consequence of disability, and works in partnership to create a society for all. CBM humanitarian activities aim to equally reach and actively involve persons with disabilities, addressing specific needs while promoting and facilitating full inclusion in mainstream services. We work - together with local partners - on projects that are context-specific, from preparedness to immediate life-saving needs such as food, shelter and medical work, and longer-term rehabilitation interventions in fields such as education, water sanitation and hygiene, healthcare, livelihood and reconstruction.
