

INVITATION TO BID FOR THE AUCTION OF UNSERVICEABLE GUEST HOUSE ITEMS

The INSTITUTE OF HUMAN VIROLOGY (IHVN) is a leading and reputable non-governmental organization addressing infectious and non-infectious diseases such as HIV, tuberculosis and cancer through the provision of prevention, diagnosis, treatment, capacity building, research, and care and support services. IHVN is in partnership with local and international organizations and the different tiers of the government of Nigeria at national, state and local levels. The Institute's vision is to be a leader in providing quality health services, capacity building and research in West Africa and beyond.
