REQUEST FOR PROPOSAL

ISSUE DATE: 21ST NOVEMBER 2025 CLOSING DATE: 12TH DECEMBER 2025

REFERENCE NUMBER: RFP 0124-01

PURPOSE: RESEARCHERS FOR CITIZEN MOBILISATION AS AN ALTERNATIVE
PRESSURE MECHANISM IN POLITICAL ACTION

A. BACKGROUND:

Despite over two decades of democratic governance, Nigeria continues to experience limited and inconsistent citizen participation in political and governance processes. While periodic elections provide a formal avenue for engagement, citizens' influence on governance and government policy decisions between electoral cycles remains weak. Traditional mobilisation channels - such as civic education, advocacy campaigns, and civil society engagement - often fail to translate into sustained political pressure or accountability.
