

MENTALLY AWARE NIGERIA INITIATIVE (MANI) EXPRESSION OF INTEREST: CALL FOR VENDORS

MENTALLY AWARE NIGERIA INITIATIVE (MANI) is a non-profit organisation launched in June 2016, and we are Nigeria's largest youth-run and youth-focused mental health organisation. As a prominent advocate for mental health, MANI's core mission is to combat the stigma surrounding mental health issues and remove systemic barriers hindering access to quality mental health services, with a strong commitment to promoting mental health as an integral part of overall well-being, not only in Nigeria but also beyond.
