MINES ADVISORY GROUP (MAG) is a humanitarian, non-profit organization committed to creating a safe and secure future for communities affected by armed violence and conflict. Since 1989, we have worked in over 40 countries, focusing on:

- Reclaiming land contaminated with remnants of conflict, including landmines, cluster munitions, bombs, shells, and mortars.
- Reducing the risk of injury and death caused by explosive hazards.
- Creating safe conditions for sustainable development, free from armed violence.

MAG has been operating in Nigeria since 2016 in collaboration with national and local stakeholders. Our work is centered on reducing unregulated Small Arms and Light Weapons (SALW) and preventing weapons and ammunition diversion. We maintain close coordination with ECOWAS – Small Arms Division and the National Commissions on SALW to achieve these objectives.
