REQUEST FOR PROPOSAL FOR THE ENGAGEMENT OF TSO FOR THE DEVELOPMENT OF THE NATIONAL ACTION PLAN FOR HEALTH SECURITY 2024-2028 (NAPHS 2.0)

Background

In 2018, Nigeria developed its first-ever National Action Plan for Health Security (NAPHS 2018-2022). The NAPHS was designed to address the gaps that were identified during the Joint External Evaluation (JEE) of 2017. Using the guidelines outlined in the International Health Regulations (IHR), 2005, Nigeria scored 39% on the “Ready Score” with a JEE classification as “not ready” to handle significant health security threats.
