OXFAM is a worldwide development organization that mobilizes the power of people against poverty. In Nigeria, we work to influence policy change in favor of the poor and most vulnerable, promoting food security and supporting small-scale farmers to improve the livelihoods of men and women in rural areas. Oxfam focuses on meeting vulnerable people's needs, saving lives, sustaining increased incomes for the poorest, transforming attitudes about women's roles and rights and strengthening government systems for accountable governance and improved service delivery for citizens.
