DELT-Her Call for Proposal:

Scope and Criteria

1 Scope:

The Presidential Implementation Committee on Technology Transfer (PICTT), through the Delta-2 Programme, is pleased to announce a targeted Call for Proposals under the Developing Engineering Leaders Through Her (DELT-Her) Initiative. This call specifically invites women in engineering to submit applied research and development (R&D) project proposals focused on the creation or significant improvement of products, processes, or services. The initiative aims to support and elevate the role of women engineers in driving innovation, fostering inclusive technological advancement, and contributing to national development through impactful engineering solutions.
