CALL FOR PROPOSALS  
COMMUNITY-BASED ORGANISATIONS FOR THE GLOBAL FUND GC7 PROJECT

THE LEPROSY MISSION NIGERIA

The Leprosy Mission Nigeria (TLMN), is a non-profit public health organization firmly equipped with technical and administrative capacity in providing technical TB and TB/HIV support services, strengthening TB service delivery, support health system strengthening, and research in Nigeria. Our programs are designed to advance the WHO Global End TB strategy of creating a world free of TB. We employ a systems approach, using data-driven quality improvement methods to identify and address gaps in TB diagnostic and treatment services. Our work to end TB focuses on collaborative planning, design, and Implementation, engaging the private sector, strengthening service delivery platforms, and community structures, and improving the quality of services.
