Description

The Development of the NJFP 2.0 Centralized Digital Application, Onboarding, and Management Portal

The Nigeria Jubilee Fellows Programme (NJFP) is a flagship youth empowerment initiative designed to bridge the gap between qualified Nigerian graduates and available employment opportunities nationwide. To achieve greater impact, operational efficiency, and enhanced user experience, the United Nations Development Programme (UNDP), in partnership with our key stakeholders, The European Union (EU) and the Federal Government of Nigeria, has initiated the redevelopment of the NJFP's digital infrastructure into a centralized, integrated, and fully automated end-to-end platform, NJFP 2.0.
