

TERMS OF REFERENCE (TORS) FOR TECHNICAL ASSISTANCE ON SEXUAL AND REPRODUCTIVE HEALTH (SRH) SERVICES IN 8 PRIORITY STATES - COMMUNITY ENGAGEMENT AND REFERRALS FOR ADOLESCENT REPRODUCTIVE HEALTH (WITH "BIG SISTER" MENTOR STRATEGY)

PROJECT NAME | ACCESS (ACCESS TO COMPREHENSIVE CARE AND ESSENTIAL SUPPORT SERVICES)

JOB LOCATION | AKWA-IBOM, BENUE, ENUGU, EKITI, KEBBI, ONDO, TARABA, AND ZAMFARA STATES, NIGERIA

1. Background

Vista and an interested organisation is implementing the ACCESS program to improve access to family planning (FP) and comprehensive post-abortion care (PAC) through primary health care (PHC) services. This initiative addresses stigma, misinformation, and systemic barriers that limit women and adolescents' access to sexual and reproductive health (SRH) services in Nigeria. A cornerstone of the ACCESS program is its focus on community-led demand generation, recognizing that engaging communities, addressing social norms, and reducing stigma are crucial for increasing the uptake of SRH services, particularly among adolescents. Through community-led demand generation, health system strengthening, and strategic engagement at all levels, the ACCESS program aims to reduce stigma, expand service uptake, and deliver high-quality SRH services. This effort is aligned with national priorities under the RMNCAEH+N strategy and PHC revitalization agenda, with the overarching goal of reducing maternal morbidity and mortality by sustainably integrating SRH services into the broader health system.
